Travel Accident: Travel Accident insurance provides coverage for accidental loss of life or limbs while the traveler is on their trip.

Emergency Medical/Dental: Helps provide coverage for emergency medical and dental expenses needed to treat an accidental injury or illness which occurs while traveling. This coverage is secondary to any existing health insurance the traveler may have. A one-time \$50 deductible applies to all outpatient care.

Emergency Medical Transportation: We will arrange and pay for travelers to be moved to a more appropriate facility or returned to their home, if medically necessary. Coordination and payment for the return of the deceased is also included. We will pay for minor dependents traveling with the traveler to return home if the traveler will be hospitalized abroad for 7 or more days.

24-Hour Travel Assistance: The 24-hour hotline center is staffed with multi-lingual assistance coordinators who have access to a worldwide network of assistance providers. These coordinators can provide valuable help for medical-related emergencies.

What Is Not Covered Under The Program

While the Group Travel Assistance Program covers a wide range of circumstances, certain events and occurrences are not covered under these plans. Some examples are detailed below.

The program does not cover losses or expenses if they result from any injury occurring prior to and including the effective date of insurance, any illness occurring during the sixty days prior to and including the effective date of insurance for which treatment by a licensed physician has been sought or advised or for which symptoms exist which would cause a prudent person to seek diagnosis, care, or treatment.

However, if the condition is controlled (not exhibiting symptoms or requiring the adjustment of treatment of medication throughout the sixty-day period by taking of prescription drugs of medications and travel restrictions are not advised by a licensed physician, then the medical condition will not be considered a Pre-Existing Condition. The departure date is the effective date of coverage.

MONEY

Withdraw cash at ATMs to save money. Take advantage of favorable exchange rates offered by ATMs. Cash is dispensed in local currency, and debited from your account in US Dollars - this eliminates additional conversion fees and commissions assessed by currency exchange bureaus.

Your PIN should be 4 digits. If your PIN is longer, contact your issuing financial institution and ask for a new PIN number. If you have an alphabetic PIN, translate the letters to numbers before leaving the US.

Test your PIN before you travel.

Financial institutions may have restrictions on daily withdrawals even when you are in another country. Check with your financial institution.

GROUP TRAVEL ADVICE

Tranquility, harmonious relations and a successful journey can be ensured if each tour member, personally, adjusts their mode of behavior to following some simple ground rules.

Make a commitment to the concept, "If you're on time -- you're late!"

Report to the bus 30 minutes before any scheduled departure, when moving from one city to another and luggage transfer is required.

Report to the bus 15 minutes before any scheduled departure if the destination does not require luggage transfer.

Exercise discretion if engaging in unscheduled, independent activities. It is suggested that you join with four or more others in such excursions. Stand by and assist if a fellow member of your group encounters a problem.

Be aware that holding a bus beyond its scheduled departure time may be ordered only when the tour leader, in his/her discretion, determines that there is an emergency.

SPECIAL NOTE

Because of the serious threat to members who suffer allergic reactions to cosmetic scents, we ask that you please do not use perfumes or strongly scented cosmetics on the bus.

ISRAEL CRIME

The crime rate is moderate in Israel.

There have been increased reports of harassment of tourists by vendors in many tourist areas of Jerusalem, including, in particular, the Mount of Olives.

Also for safety in general, American citizens should exercise extreme caution and avoid, to the extent possible, shopping and market areas, pedestrian walkways, malls, public buses and bus stops, trains and train stations, as well as crowded areas and demonstrations.

JORDAN: CRIME is generally not a serious problem for travelers in Jordan, but petty crime is prevalent in the downtown Amman Hashimiyah Square area and near the Roman Theater. In the narrow streets of the Old City, crowded conditions invite pickpockets and other petty criminals. It is safer to travel in groups when visiting the center of Amman. Travelers are urged to be more guarded in these areas so that they do not present easy opportunities for criminals. Purse-snatchings in central and western Amman are reportedly on the increase. In several cases, thieves in moving vehicles snatched pedestrians' purses and drove off. In some instances, victims were injured when they were unable to free themselves from their purses. When carrying a purse, it would be wise to conceal it if possible, to avoid walking near the road within reach of passing vehicles, and to walk against the flow of traffic.
